This is called being person centred.

Person centred means that you come first.

We want to be more person centred.

We want you to be part of committees and boards.

A **committee** is a group of people that talk about things to do with the organisation.

A **board** is a group of people who make important choices for the organisation.

This could be about things like money and how to spend it.

We will support you to be part of your community.

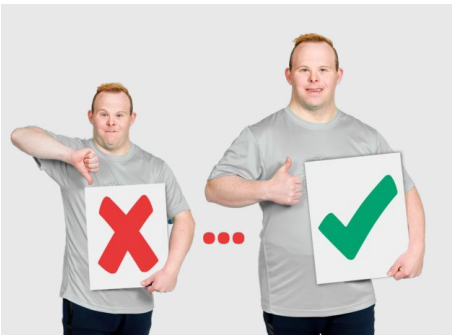

2 Good service

We will make sure you get good service from us.

We will listen to you and your family.

We will change things when we need to.

We will make sure that we give you support that is right for you.

We will offer you services and supports that you want.

We will work in a safe way.

We will support others to be safe.

They work hard to support you in the best way.

We want to look after them well.

We want to keep good staff for a long time.

We will make sure our staff enjoy their work.

We want our staff to have the right skills to support you.

We will train our staff well.

We will give them a thank you for great ideas and good work.

We like working with all kinds of different people at Unisson.

4 Make Unisson bigger and better
